

Raising Rain

Raised to be a new woman by her mother and three college roommates in the 70s amid anti-war protests, feminist rallies and finals, Rain Rasmussen discovers that putting her career first has left her overdrawn at the egg-bank, and her baby fever has now driven off her significant other. When her terminally ill mother demands a Celebration of Life before she dies; they all confront ghosts from the past on a stormy weekend in Monterey. Bebe, the roommate closest to Rain's heart, revisits choices that have impacted Rain the most, raising doubts about God's- and her own- willingness to forgive and to be forgiven.
