

## Our Day: In the Light of Prophecy

Our Day by W. A. Spicer Like a great searchlight shining across the centuries, the sure Word of Prophecy focuses its bright beams upon Our Day. In this light we see clearly the trend of events, and may understand what comes next in the program of history fulfilling prophecy. In the Volume of the Book the living God speaks to Our Day of events of the past that have a lesson for the present, and of things to come. Divine prophecy fulfilled before mens eyes is Gods challenge to unbelief. The Word of Holy Writ has been the guiding light through all the ages. It is the lamp to our feet today. Man may write a true book, but only God, the source of life, can write a living book. The word of God ... liveth and abideth forever. 1 Peter 1:23. The Bible is the living word of God. We look at the volume; we hold it in our hands. It is like other books in form and printers art. But the voice of God speaks from these pages, and the word spoken is alive. It is able to do in the heart that receives it what can be done only by divine power.
