

## The Cool Calm Mom

I have been inspired to write this ebook The Cool Calm Mom because I believe that most moms out there would love to be one!

I think we all know a mom who (from the outsiders view) who seems patient, tolerant and totally in control of her kids. We find ourselves asking Why does my child throw a whammy when its time to leave the carousel and theirs doesnt?, How does she seem to have her kids in bed by 7pm without any problems?. Chances are, she doesnt but she may still be cool calm and collected. This ebook is designed to give new moms and second, third and fourth time moms an insight into what the cool and calm mom does to have better behaved children and a harmonious home.
