

## Volvo (Haynes Classic Makes)

A mix of lively text and photography, the book gives an overview of Volvos history from its formation in Sweden in 1925 through to the present day, describing the cars in fascinating detail, and giving technical information, buying tips and personal impressions of individual models. While Volvo continues to develop its sexy image, the enthusiast fan-base for the classic models remains strong, which makes this marque a prime addition to the popular Haynes Classic Makes Series. The series includes books on Jaguar, MG, Alfa Romeo, Aston Martin and Rolls-Royce.
