

Somewhere On The Road To Key West (Volume 4)

In the fourth book of The Road To Key West series, Kansas Stamps and Will Bell once again find themselves hip-deep in madcap adventure from bizarre to hysterical. The captivating diary of an amateur archeologist sends our intrepid explorers on a journey into the heart of the Panamanian jungle, in search of La cueva de Esmeralda (The Emerald Cave), and a lost Spanish treasure. But local brigand, Tu Phat Shong, and his gang of cutthroats are searching for the same treasure. Its a cat and mouse game up the perilous Fangaso River, through the jungle and the boisterous mining towns, and into The Village of the Witches, where nothing is as it seems. If that werent enough, one of the Caribbeans nastiest drug lords has a score to settle with our reluctant heroes. (Something to do with an ancient golden medallion they borrowed.) The word is out. Theres a price on Kansas and Wills heads, and a conga line of hit men trailing them. As they careen across the Southern Hemisphere, our adventurers encounter some fascinating ladies as well, and experience an extraordinary romance. Be careful what you wish for. Somewhere On The Road To Key West offers the standard plethora of zany characters: Rufus, the mystical Rastaman, whos convinced that luck is nothing more than da gods adjusting da rabbit ears on da television of life, Benny The Rat, a struggling larcenist whos taking correspondence courses to become a bullfighter, Crazy Eddie and his aging but fabulous Goose, Sundance, the sociopathic hypochondriac, and last but not least, The Griffins. (There are some things you just dont mess with like bubonic plague, nuclear weapons, and The Griffins) So sit back, pour yourself margarita, and slide into the Caribbean for another wild and crazy caper. Youre somewhere on The Road, again.
