

## A Practical Handbook for the Boyfriend: For Every Guy Who Wants to Be One/For Every Girl Who Wants to Build One!

Most dating books are written for women-what a mistake that is. Women know how to date. . .its men who need the help! At last: a blithe, bold, and bawdy guide to building a better boyfriend. At some point, every guy-player, geek, mamas boy, regular Joe-meets a woman who makes him want to be a boyfriend. A good boyfriend. Problem is, unless hes had some first-rate training (by a previous girlfriend, a sister, a mom), he probably doesnt even know what that means. Felicity Huffman and Patricia Wolff come to the rescue with a rollicking and whip-smart handbook to navigating the minefield of male-female relationships. Directed at men (though, of course, its women wholl buy it, then leave it at their boyfriends places-accidentally on purpose), A Practical Handbook for the Boyfriend lays out the manly steps involved in becoming a good boyfriend while still maintaining guy-dignity. It covers issue like: -Who decides when you become a boyfriend? (Answer: She does) -How to look like youre listening, even when youre not (If youre busted, just say Youre so pretty, Im distracted) -Ten things never to say on the first date (#4: I just did that to freak you out) -Finding the middle ground between too cool (think third grade) and too eager (think surprise visits) -Why becoming a good boyfriend is a lot like training for the A-Team. Filled with humor, ribaldry, common sense, and assorted outdoor skills, A Practical Handbook for the Boyfriend is the next dating guide to dominate the bestseller lists.
