

I//m Going Home

Have you ever found yourself wondering why you are the person that you are? Has there been a time in your adult life when you found it necessary to reflect back on the early years of your life and those unique memorable events that made you who you are today? Have you had to make a return trip to a time long ago that may have been painfully sad, but in doing so, you realized that those life lessons gave you the power to deal with today's hurts and disappointments? Have you taken a journey back to a time you could have never imagined would give you the strength to overcome today's challenges? In *Im Going Home*, four memorable summers have been documented, with each summer episode teaching a wonderful life lesson: What faith and persistence do to build character. How compassion and understanding for another's unique and sometimes ignored gifts can transform your own life. Conquering and dreaming big despite obstacles and circumstances, and working toward what you want most. How compassion and sincere forgiveness can calm and heal a troubled soul.
