

# Arkansas

Arkansas is a biting first novel full of wet T-shirt contests, illicit drugs, and cross-country road trips. There are the days: the dappled grounds, the aimless yardwork, the hours in the booth giving directions to families in SUVs. And then there are the nights: crisscrossing the South with illicit goods, the shifty deals in dingy trailers, the vague orders from a boss they've never met. Before Kyle and Swin can recognize how close to paradise they are in this neglected state park in southern Arkansas, the lazy peace is shattered with a shot. Night blends into day. Dead bodies. Crooked superiors. Suspicious associates. Its on-the-job training, with no time for slow learning, bad judgment, or foul luck.
