

La Fuga (Scripta Humanistica) (Spanish Edition)

This exciting novel offers a fresh look at the spiritual hunger of Peruvian youth and their search for their place in society. Talented author/physician Elias Hasbun, M.D., shows with great mastery and originality the inner quest of the military cadets through a physical and spiritual escape. This quest shows a perfect panorama of Peruvian society with a special focus on the role of religious and military powers. With a pessimistic vision of today's society and a literature of contrasts, *La Fuga* shows a group of young men stepping away from reality and embracing a set of pure spiritual values while traveling through Peru, from urban military and religious schools to rural areas.
