

Outdoor Moments - Snafus That Sportsmen Dont Like to Talk About

Byron Graham shares tales of Snafus That Sportsmen Dont Like to Talk About. This book reads like a real-life equivalent of Wile E. Coyote in his attempts to capture the quick-witted Road Runner in the great Warner Bros. cartoon series. While you are reading this, you will find yourself wondering How is this guy still alive? Coupled with some seasoned pragmatism from 55 years as a hunter, fisherman and mountain man, Byron entertains and philosophizes about life, tackle boxes, being prepared and how all that proper planning can be neutralized in a few seconds by the vagaries of Mother Nature and her coterie of wild animals, especially the human kind. Experience these adventures in the best way possible safely in the comfort of your own home.
