

Beyond the Veil

Captured by the aggressive pirate captain of a Barbary corsair ship off the North African coast in the latter half of the eighteenth century, David Jordan faces a life of slavery of the worst kind when he is taken to the specialist markets of Tripoli. However, the enigmatic man who finally buys him is not all what David expects. Robert Charteris has a very personal reason for fighting against the iniquity of slavery and, in disguise, witnesses the disposal of the slave cargo from a captured English ship and, for the first time in fifteen years, Charteris feels an interest in another man. His decision to rescue the young man has repercussions he could never have expected in this tale of high passion and forbidden love.
