

# The 24-Day Conversation With The Universe: The Time For Consciousness Is Always Now

The 24-Day Conversation With The Universe is a piece of work designed for those that feel lost in a world full of distractions, while trying to embark on the evolutionary journey of reaching our fullest potential. For 24 days, Bianca has a conversation with the Universe. She needs some answers, and she believes the Universe has the answers she needs to get to where she wants to be. In order for her to have this conversation, she needs to give the Universe Its full respect, and acknowledge that no entity is as powerful as It.
