

Sensitive New Age Spy (Alby Murdoch Series)

All Alby wants is a decent coffee and a day off. But there's a hijacked tanker with a deadly cargo in Sydney Harbour, and bullets are flying on board a US Navy cruiser. Three sailors are dead and a Seahawk chopper is missing. Who's behind the mayhem? Why is the government intent on shutting down Alby's investigation? What's the connection to the smooth-talking Reverend Priddy, spiritual leader to the upwardly mobile? And can Alby trust Lieutenant Kingston, a weapons specialist with the longest legs he's ever seen on a sailor and not a tattoo anywhere on her stunning body?
