

## If Life Is Supposed To Be In Black Or White, Then Why Am I In That Grey Area?: Why Doesnt Life Come With An Instruction Manual?

How do you take your wine? Straight, no chaser. How do you take your humor? Wicked with a big dose of Satire. There's a fine line between how you picture something in your mind and the reality that happens. Most of the time the result is pretty funny. That Grey Area is a year's worth of my blog, a humorous take on life as an older Mom, older Woman, given to you straight-no flowering the topics. In the book I tackle life's really difficult questions: Do baby doll tops really make you look fat? Why is it that only mothers can smell when something's rotten? What do you do when there's a case of The Bitch going around? I also address the little things about getting older: Plumbers Butt and Low Rise Jeans, At Your Age, and Do you Vajazzle? A regular WTF essay points out the hilarious obviousness of products in our lives! Learn how to juggle getting older, managing kids, and drink wine without altering the tiara on your head. The writing is witty, the pace quick, the columns short. I hope you chuckle as much as I did writing these essays!
