

Brainerd International Raceway (Images of Sports)

If it has an engine and anything close to two wheels, Brainerd International Raceway has hosted a race for it. From sports cars, stock cars, drag racers, and Can-Am Racing Series drivers to motorcycles, snowmobiles, and jalopies, Brainerd International Raceway has been the northern outpost for raucous track action and infield get-togethers since 1968. It has been called one of the best-constructed tracks in the nation, and with several hairpin turns, a backfield with an undulating, curved spine, and a straightaway on which racers routinely hit speeds of as much as 200 miles per hour, it is indeed one of the finest in the country.
