

BROOM & GROOM

Broom & Groom is not just a book. It is a finishing school. It will help corporate sector employees differentiate themselves from competition, children excel at social interactions and students distinguish themselves at interviews. Broom & Groom will help India stand shoulder to shoulder with the rest of the world. The authors yearn for a social renaissance of civil behaviour. Broom & Groom covers manners and etiquette right from greeting a person, communication, use of elevators and mobiles, rules for queues, road manners, interacting with domestic staff, being a good teacher and also a good student. Keeping good hygiene has been brought out very nicely. Broom & Groom is a wonderful experience for me to read every page. Each page in the book is useful to improve the way of life...
