

The Monday Night Mistress (Peace in the Storm Publishing Presents)

Layla James has fallen passionately in love with Grayson Miles; a handsome man with the charisma to match his looks. The chemistry between the two is ignitable. The fire that lies between them is so tempting that breaking the rules is hotter than maintaining ambiguity. There is only one obstacle preventing Layla and Grayson from being a couple; Grayson is engaged to Layla's cousin Sofia. Soon what's done in secret comes out in the wash and the devastating emotional aftermath which follows discovery is overwhelming. The revelation leaves Sofia distraught as she struggles to deal with the infidelity of her fiancé and the added sting that his lover is the one person she loved like a sister. Psychological torture ensues and brings the emotionally draining experience to a head and Sophia confronts Layla, and they both discover hidden secrets which are darker than anything they ever could have imagined. The family tree is shaken and uprooted from the core by one dark disclosure after another. Life becomes even more complicated for those involved in this intricate life triangle. As fate would have it, final options for survival lie in the hands of one person - the woman who was betrayed the most.
