

Vocational Mechanical Engineering series of fine materials: Die Design and Manufacturing(Chinese Edition)

Paperback. Pub Date: 2011 08 Pages: 327
Language: English Publisher: Zhejiang University Press for stamping principle complex, diverse types. Die design and manufacturing is divided into eight chapters in accordance with the coarse - fine - reunification spiral of thinking will be cold stamping process design, mold design and mold manufacturing process three levels of organic fusion, and strive to practical content, the strength of clear and severity of properly fine language typical case, the situation is close to the industry. First, second chapter on the basis of the general introduction stamping and die overview moderately narrative theory of stamping, rough and systematic introduction to the elements and the process of stamping process and mold design, mold making; Chapter focuses blanking mold design and manufacturing, is also the focus of the book, through detailed ca...
