

Losing It (Urban Christian)

Grammy awardwinning gospel singer and Christian actress Sharmaine Cleveland is having a bad year. She has been arrested and charged with the attempted murder of her husband, Leon. This follows on the heels of another scandal involving sex tapes allegedly starring Sharmaine that have been distributed to news stations across the country. Her latest CD release is a flop, while her newest movie release has been placed on hold indefinitely. Believing she wants him dead, her husband Leon abandons her, and her mother-in-law forcibly takes her children. Sharmaine's life is sinking fast. Will she go under, or will God be able to pick her up and put the pieces back together?
