

TRUCK IT! 1987 - 1992

21 TRUE illustrated features with 110 real life images. Transport is the life blood of all commerce in this world of ours. This book explains in words and photographs how various men and women kept that commercial blood flowing. All of them, without exception, proved their worth in the transport marketplace by getting on with their job. None of them claimed to be perfect but by constantly aiming for perfection many achieved the improbable, out on the road not in a classroom. No pointless, government theft called the DCPC was ever needed.
