

Coming Home To Lemuria

Lemurians came to lift the Earth into the Light and have returned now for the completion of the cycle. We know how to be love; we just need to remember that we are Divine Beings clothed in human form. Many people are feeling a longing for a more peaceful life as the energies of the planet intensify and become increasingly challenging. People are feeling afraid of the future, they feel lonely and hopeless. They have lost connection to the Source and to the Truth of who they really are. Coming Home To Lemuria is a book of hope and inspiration. In Lemuria we lived in Love, we had the power to manifest whatever we needed and these powers are available to us now. We are at a time on the planet where the frequencies are rising and we have the opportunity to once more live in Oneness and Joy. We have the memories at a cellular level and we can live in this consciousness again. Lemurians had a great sense of Unity and Oneness. Every individual part was equal to not better than any other and that Love was the key to evolution. They created whatever they needed so their only desire was to be of service to the Earth and her children.
