

Black Bear Hunting: Part 3 - Hunting With Hounds

Part 3 of 6 about Black Bear Hunting. Most of this book is about black bear hunting with hounds, but part of the chapter about the advantages of trail cameras also applies to hunting over bait. All aspects of dogging bears are covered, including training bear dogs, and there's a chapter about a pioneer houndman who probably killed more bears ahead of dogs than any other person when he worked for timber companies in Washington.
