

## Corporate Affair (The Small Town Girl series Book 2)

A smart, sexy entrepreneur. A wealthy, arrogant ladies man set on purchasing her company. And a hotbed of chemistry neither one of them anticipated. Aiden Stewart is just going through the motions of running the family business, a mega communications company snapping up all the competition. His trip to a tiny New England town to negotiate the purchase of ChatDotCom is nothing more than an interruption in his plans for his next female conquest. The last thing he expects is for Chats CEO M. Jordan Fitzgerald to be a woman who takes his breath away. Jordan is focused on business, not romance. She's got too much at stake, working to protect Chats employees, as well as making sure her family is taken care of. Falling in love is not part of the business plan, but resisting the man she really should not want is proving impossible. When a rival wants to take over Chat too, Jordan struggles to keep her personal life from affecting the business deal. With secrets that could ruin everything, she has to decide if she can balance business with pleasure. Linda Cunningham introduces hot new characters in her second Small Town novel, a steamy office romance set in idyllic Clarks Corner, Vermont.
