

Creation Set Free: The Spirit as Liberator of Nature (Sacra Doctrina: Christian Theology for a Postmodern Age)

In view of the earth's ongoing destruction, ecology is no longer a marginal issue. In *Creation Set Free*, Sigurd Bergmann creatively rethinks the discipline of theology in light of this environmental crisis. Throughout the book, he is concerned to see the earth not just as a stage for the human drama of salvation, but also as a player undergoing redemption.
