

Este volumen recopila una serie de textos periodísticos de Bryce Echenique difíciles de encontrar y hasta ahora inéditos en forma de libro. Son crónicas serias o ironicas, tiernas u objetivas, alegres o nostálgicas, en las que el autor aborda con gracia y solvencia asuntos de política internacional, del mundo de la cultura, del espectáculo y, como no, de la literatura. El conjunto constituye una soberbia expresión de la mejor producción periodística del gran escritor peruano. / Written over many years, Lost Chronicles has been out of reach for many readers for a long time, for diverse and often obscure reasons. Its rescue and republication not only allowed for the appreciation of the literary talent of its author but also the surprising relevance his points of view still hold. A sharp observer of the contemporary landscape, the author tackles topics including international politics, the world of culture and those which concern literature and their repercussions in our lives. Be they serious or ironic, affectionate or objective, these chronicles are always entertaining and enlightening.
