

## Bronze Star (Seals: The Warrior Breed, Book 3)

When Duty Calls The face of war is rapidly changing, calling Americas soldiers into hellish regions where conventional warriors dare not go. From the Mekong to the U-Minh forest, this is the world of the SEALs -- an unparalleled fighting force trained in every aspect of survival, infiltration and silent death, rising like a Pheonix from the glorius flames of the Navys crack Underwater Demolition Team. But Vietnam is a virulent new strain of jungle conflict -- where enemy and ally can be the same . . . where lives and lies are merely disposable pieces in unscrupulous political games. Yet the SEALs know that this is a war that can be won -- if they are allowed to fight it their way.
