

# Information Security and Privacy: A Guide to International Law and Compliance, 2013 ed.

Information Security and Privacy: A Guide to International Law and Compliance covers international privacy and security laws of the European Union and individual countries, including Australia and Mexico. It provides regulatory guidance, assists compliance efforts, provides understanding of what issues result from gathering information, and serves as a comprehensive guide on privacy issues. This softbound guide also provides coverage on many issues in information security and privacy, including: Pretexting!; Financial privacy; Outsourcing to foreign countries; Electronic and personal health records; Social networking and Laws of Alberta
