

Wacos Badge (A Waco Western Book 1)

Law beyond the limits ... In wide-open Arizona, outlaws run rampant, since the authority of the local marshal ends at his towns borders. A different breed of peace officer is needed, and rancher Bentram Mosehan has accepted the responsibility of organizing a new Arizona State Police force. Hes looking for men who are brave, honest, and lightning fast with a six-gun -- talents that a drifter named Waco and his amigo, Doc Leroy, possess in abundance. But the two young Texans remember all too well their run-ins with the Lone Star law, and the last thing Waco and Doc want is to wear a badge. But Mosehan knows these are men you need at your side when all Hell breaks loose. And Wacoll be facing one tough choice once the bullets start flying in earnest: serve ... or die. ABOUT THE AUTHOR John Thomas Edson was born at Worksop, Nottinghamshire, on February 17 1928, the son of a miner who was killed in an accident when John was nine. He left Shirebrook Selective Central School at 14 to work in a stone quarry and joined the Army four years later. As a sergeant in the Royal Army Veterinary Corps, Edson served in Kenya during the Emergency, on one occasion killing five Mau Mau on patrol. He started writing in Hong Kong, and when he won a large cash prize in a tombola he invested in a typewriter. On coming out of the Army after 12 years with a wife and children to support, Edson learned his craft while running a fish-and-chip shop and working on the production line at a local pet food factory. His efforts paid off when Trail Boss (1961) won second prize in a competition with a promise of publication and an outright payment of ?50. The publishers offered ?25 more for each subsequent book, and with the addition of earnings from serial-writing for the comic Victor, Edson was able to settle down to professional authorship. When the comics owners decided that nobody read cowboy

stories any more, he was forced to get a job as a postman (the job had the by-product of enabling him to lose six stone in weight from his original 18). Edson's prospects improved when Corgi Books took over his publisher, encouraged him to produce seven books a year and promised him royalties for the first time. In 1974 he made his first visit to the United States, to which he was to return regularly in search of reference books. He declared that he had no desire to live in the Wild West, adding: I've never even been on a horse. I've seen those things, and they look highly dangerous at both ends and bloody uncomfortable in the middle. My only contact was to shoot them for dog meat. His heroes were often based on his favourite film stars, so that Dusty Fog resembled Audie Murphy, and the Ysabel Kid was an amalgam of Elvis Presley in Flaming Star and Jack Palance in The Outlaw. Before becoming a recluse in his last years, J.T.'s favourite boast was that Melton Mowbray was famous for three things: The pie, Stilton cheese and myself but not necessarily in that order.
