

Deadly Games: Kinncaid Brothers Series, Book 4

Rori Maitland has lived her life the way she wanted it. After retiring from MI6, she's her own woman, with few friends and no husband. That's the way she bloody well prefers it. After all, her job is hardly normal. Ian Kinncaid, master of disguise, has been estranged from his family for well over a decade. With his deep cover blown, he now needs a safe place to put the little girl he saved from the Czech underground. But the shadows cloak enemies and trust comes at too high a cost.
