

Demystifying the Supernatural: Practical Guide to Experiencing the Higher and Peaceful Life

Demystifying the Supernatural: Practical Guide to Experiencing the Higher and Peaceful Life was written to find the age-old reality that every human soul searches for. Even with the wide variety of religions in the world, many have not found the answers they seek. Even in this world of technological wonders and inventions that have made life easier, many have still not found the answers their soul demands. If the Higher and Peaceful Life we yearn for cannot be found in religion or technology, how do we achieve happiness and balm for our souls? The answer can be found in Demystifying the Supernatural. Sam Akinteye grew up in Lagos, Nigeria, and still lives there, where he enjoys teaching, preaching, and writing. He describes Lagos as full of great people with interesting views of life. The author wrote his self-help book Demystifying the Supernatural to explore the realities of the world we live in and to find ways to satisfy the longing of our souls for peace and happiness. He is currently writing his next books. This is not another religious masterpiece. This book is not about spiritualism or magic, nor is it science fiction. Instead, Demystifying the Supernatural provides an answer to the age-old reality that every human soul longs for. Many have been disappointed by the promise of peace and freedom that religion should offer. On the other hand, many are trapped and disillusioned by the inventions of science and technology, becoming slaves to the very inventions that were meant to serve them, all in an attempt to satisfy the deepest longings of their soul. There is no religion in the world that can satisfy that innate desire in people to connect to a supernatural being and wield control over life situations and circumstances. Likewise, there is no invention that can satisfy mans hunger for freedom. Peace, freedom, and fulfillment come from a working knowledge that

originate from the discovery of a person, and of the power and authority he invests on those who have this encounter with him to become kings of life. Lets take a journey together into this all-important discovery and find a Practical Guide to Experiencing the Higher and Peaceful Life. About the Author Sam Akinteye resides in Lagos, Nigeria.
