

Visions & Angels: I Believe ... Do You?

True stories and accounts, from my family to yours... Through this journey in life, I have experienced many miraculous events. My family, all of us, have experienced signs and wonders I truly felt compelled to write about. I want to give hope to all the hopeful believers that there is more after we leave here. I share some of these stories of wonder in this book. When I do leave this Earth, it will be with the knowing that I have made peace with this world and the people in it. I will look forward to new beginnings. I believe ... do you?
