

Dont Ask Me If I Love

Dont Ask Me If I Love is the story of a young man who hates war, but serves faithfully in his countrys army. He loves his parents, but can no longer care about the things that are important to them. He is a citizen of a religious state, but questions many of its precepts. In need of someone to give meaning to his life he falls in love with an American girl. He is Assaf Rykeone of the new Israelis of the 1960s. Moving from a discotheque in Jerusalem to the beach at Caesarea, from a shabby flat in Tel Aviv to an apartment in London, Dont Ask Me If I Love is a novel of love and alienation in a country not normally associated with the generation gap.
