

TOK258: Morgan Winner at Le Mans

With never before seen photos from the Morgan archives and a foreword from Charlie Mogan himself this is the story of an epic motor-race win in the famous Le Mans 24 hour race. In 1962 a Morgan Plus 4 two-litre car took a class win against international opposition from teams such as Porsche and Lotus. This book describes the cars technical features, the drivers, the race and the character of the sport at that time. The race chapter is written by one of the drivers Chris Lawrence.
