

## The Vintners Tale: Adaptation of Shakespeares The Winters Tale

It is 1892, Queen Victoria is on the English throne. But the American civil war never happened, the Louisiana Purchase was never made, and the English-speaking USA shares the North American continent with France and Spanish Mexico. In a Haiti, ever free of slavery, Mr. Camillo Cam Deuberry longs to be free of his tyrannical boss, Leontes (Leo). Leo is not only the cacique of Haiti (a cultural title left over from its Native roots), but also King of the small island. When Leo kills his pregnant wife, Hermione, Deuberry is abruptly faced with a stark choice, fall in step with Leos paranoid plans, or risk his freedom and move to slave-holding New Orleans, in French Louisiana. An adaptation of Shakespeares The Winters Tale set in Haiti and New Orleans, in steampunk 1890s.
