

Hostile Eyewitness: Serena Manchester Series Book One (Urban Books)

Depressed from the complications of a head injury, SERENA MANCHESTER seeks solitude in the hometown she left almost twenty-five years before. Unknown to Serena, her hometowns landscape has changed and unseemly elements have seeped into the quaint Southern seaport town. One night Serena witnesses a gang-related crime. She thinks she recognizes one of the young men, but chooses not to identify him. What if her brain injury has deceived her perceptions? Her estranged family has already reminded her why she left town in the first place. Drawing attention to herself and perhaps threatening her well-being is the last thing Serena needs. Serena is determined to keep a low-profile, but Trey Evans persistently tries to draw her from her hiding place. With her track record with men, Serena isnt interested. What does she have in common with a minister even if they were childhood friends? When tragedy strikes close to home, Serena can no longer keep her head in the sand. Feeling responsible, Serenas reporter skills kick in and to the angst of the local police, she decides to start her own investigation. What began as journey to recover her sanity now becomes a fight for redemption.
