

Eden: The Knowledge of Good and Evil 666

Herein lies a scrupulously documented account of a clandestine agenda by those claiming to be illuminated, which is based on unprecedented access to previously undisclosed documents. Even Leonardo Da Vincis hidden code will be revealed right before your very eyes as this research takes you farther than any other prophetic work on the subject has ever gone. The hidden link between the Garden of Eden and the End of Time is an explosive one, thereby making this a riveting expose which boldly walks the reader right up to Satans doorstep and introduces him to you.
