

Me and My Flow: My Unfortunate Journey with Big Red

I love a good laugh with my girlfriends. Especially the kind when you are laughing so hard you cry or no sound comes out. Embarrassing as it can be, I have had many flow incidents to share with my friends through the years and have given them plenty to laugh about. There was the Lost Pad, the Subway Incident, the Massage Table and several others. So I wrote them down with the hope that you will get a good laugh with your girlfriends by reading this book and keep the fun going by sharing your own stories. Enjoy! Jane Birr
