

Elephant-Hunting In East Equatorial Africa - Being An Account Of Three Years Ivory-Hunting Under Mount Kenia And Among The Ndorobo Savages Of The Lorogo ... A Trip To The North End Of Lake Rudolph

This book is an account of three years of East Equatorial Africa ivory-hunting under Mount Kenia and among the Ndorobo natives of the Lorogi mountains. It describes the adventures, the country and the game in great detail and includes a trip to the north end of Lake Rudolph. It was originally published in 1898, and will appeal to those interested in the history of hunting and travel in Africa. Many of the earliest books, particularly those dating back to 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original artwork and text.
