

Encouraging Words: Zen Buddhist Teachings for Western Students

Encouraging Words is a collection of short talks and brief essays that Aitken Rashi has offered his students at meditation retreats during the past two decades. They are arranged according to themes central to all spiritual seekers -- attention, emptiness, coming and going, diligence, death and the afterlife, the sacred self, and the moral path. Aitken provides guidance on pursuing religious practice in a lay context, re-casting the Dharma to include women, jobs, and family. He also charts his own quest to develop a set of moral codes in keeping with Buddhism's basic precepts and honoring the enormous ethical challenges faced in the twentieth century.
