

Failure Analysis: Techniques and Applications : Proceedings of the First International Conference on Failure Analysis, 8-11 July 1991 Montreal, Queb

A translated, revised, and updated edition of Kikinzoku no Kagaku (1985), published by Tanaka Kikinzoku Kogyo K.K. The first 10 chapters, comprising the science section, start from the basic level and progress to recent developments so that they are readable even for non-experts. The remaining 14 ch
