

Trucks & Trees

How do you destroy a F-150? There are probably infinite ways to demolish a pick-up truck. This story tells of one particular way that a large F-150 Truck can be labeled as totaled by any insurance company. Trucks & Trees is a collection of photos taken during the life of Big Boy, a truck purchased for personal use. Within the 6 months this truck was owned, the owners unique experience is recalled (no industry pun intended).
