

Flesh Guitar

Geoff Nicholson's deliriously funny *Flesh Guitar* is an overstimulated love letter to the guitar, complete with feedback, reverb, and special guest appearances, with a lead player the likes of whom has not been seen since Hendrix departed this earth. Into the Havoc Bar and Grill, an end-of-the-world watering hole on the outer fringes of the metropolis, walks the entertainment, Jenny Slade. She has the look down: beat-up leather jacket, motorcycle boots, cheekbones, and wild hair. But she's no ordinary guitar heroine. Her guitar is like none her audience has ever seen, part deadly weapon, part creature from some alien lagoon. Is that hair? Are those nipples? Is it flesh? Where does Jenny Slade come from? Where does she go? Geoff Nicholson fans know that wherever that is, the ride will be like no other.
