

## When the Games Froze

Nana Nkuku is a driven woman living in the United States, working at a travel agency in D.C. Though many hardworking 20-somethings would be interested in nonprofit jobs, Nana has started an organization that she needs to see through to its turning point. Why? Because deep in Nana's heart is a calling to do what she can for young girls in her native Ghana who are suffering the tragedy of female circumcisions just like she did when she was their age. She's left the haunted places of her past and the trauma of that violation behind her, but she still has to face the challenge of changing the future. Thankfully she has a wonderful circle of friends that includes Frank, a rising star. When he switches from the football schedule to the nonprofit circuit, will things finally fall in place? Read *When the Games Froze* now to know how it all turns out.
