

The Gospel According to Coco Chanel: Life Lessons from the Worlds Most Elegant Woman

Delving into the long, extraordinary life of renowned French fashion designer Coco Chanel, Karen Karbo has written a new kind of book, exploring Chanel's philosophy on a range of universal themes—from style to passion, from money and success to femininity and living life on your own terms. Chanel is credited not simply with giving us the little black dress and boxy jackets, but with popularizing pants for women and easy, practical clothes that allowed women a chic freedom they'd never known before. In her strong-headed, elegant, opinionated, passionate, entirely French way, Coco Chanel helped bring women into the modern era, and because of this she was the only person in fashion to be named one of Time magazine's 100 Most Influential People of the 20th Century. Karen Karbo weaves Chanel's life story into chapter themes that subtly convey life lessons and leave the reader utterly entranced with Chanel's amazing individuality, confidence, and determination. The story of the designer's extraordinary life and rise to unprecedented success is both compelling and admirable. And while the great Coco may have launched her singular empire a hundred years ago, her methods, attitude, and elan are as relevant and modern as ever, and perhaps more appealing. Chanel was a self-made girl who knew how to make do with less until she had more, discover and stay true to her own style, problem solve using the tools at hand, and do it all with seemingly effortless flair. The Gospel According to Coco Chanel is a captivating, offbeat look at style, celebrity, and self-invention—all held together with Karbo's droll Chanel-style commentary and culled from an examination of Chanel's difficult childhood and triumphant adulthood, passionate love affairs, career choices, habits, eccentricities, and personal philosophies.
