

# Havana Harlot

The first time that Charlie Longworthy visited Cuba was in 1898 as a volunteer in Teddy Roosevelt's famous Roughriders cavalry regiment when he was almost courtmartialled for leaving his gun with a whore in a Havana brothel. Now its 1910 and the handsome Boston millionaire is back in Cuba with his family, carrying out a business deal and seeing the sights. Fate deals Charlie a bad hand: his virginal daughter Helen is abducted. When he refuses to pay the ransom, photographs of her apparently violent defloration are sent. Then, in a dangerous twist, the entire family is captured by a desperate gang who think nothing of subjecting them to a whole series of sexual indignities and incestuous perversions. To save his family, Charlie must revisit his debauched past
