

This Is How It Really Sounds: A Novel

In the lurid nightclubs of modern Shanghai, infamous expat financier Peter Harrington is suddenly confronted by his past. Investors he has ruined, looming federal investigations, and a remote but alluring woman all converge on one hallucinatory night that ends in the labyrinth of an ancient Chinese garden. On the other side of the ocean, chasing the last vapors and diminishing sexual returns of fame in Los Angeles, faded rock star Pete Harrington is bankrupt. With no band, no hits, and no money, he suddenly finds one last flash of brilliance that sets him on an absurd and epic quest for revenge. Finally, there is Harry Harrington. Raised in a world of snow, ice, and avalanches, Alaskan Harry Harrington is the greatest extreme skier on the planet. A legend in a sport that few people have ever heard of, he descends from the slopes of Tahoe and Aspen to the sunny streets of Hollywood, looking for the connection that will change his life. Welcome to This Is How It Really Sounds, where the worlds of wealth, pop-culture celebrity, and physical prowess collide in a supernatural realm that is shared between three men, each in search of his Other Life. From an assassin moving through the treacherous streets of 1946 Shanghai to the twenty-first-century delirium of Internet fame, Stuart Archer Cohens novel centers around a mysterious house that none of its denizens can fully remember, but none can ever forget. Part satire, part revenge tale, part wilderness adventure---with a heavy dash of noire espionage---This Is How It Really Sounds explores the seductive power of the Other Life, and what happens when you finally grasp it.
