

How to Start a Fire

When UC Santa Cruz roommates Anna and Kate find passed-out Georgiana Leoni on a lawn one night, they wheel her to their dorm in a shopping cart. Twenty years later, they gather around a campfire on the lawn of a New England mansion. What happens in between -- the web of wild adventures, unspoken jealousies, and sudden tragedies that alter the course of their lives -- is charted with sharp wit and aching sadness in this meticulously constructed novel.
