

An Ideal Wife

An Ideal Wife Beware what you wish for! What happens when the technology savvy Dwarf God, once the driver of the Biggest God in Heaven, sets out to find an Ideal Wife for a man on earth? Seems like a simple thing for a god to handle, right? But here is the catch - God has never created a girl with all the qualities this man, Sameer, wants in his Ideal Wife. And now, to make matters worse, Dwarf God has to do it without using his divine powers. Will He be able to find the girl? Will she be an Ideal Wife for Sameer?
