

# Minds Power Unleashed: A Guide to understanding why people do what they do

I want to share with you a secret. It might surprise you at first, so allow yourself to read it three or four times if you have to. That's normal. Ready? All you have ever dreamt of in life can be yours if you want it. Everybody wants something, whether it's confidence, a lean body, a soul mate, or material possessions. You probably already know what your wonderful something is, but it's buried underneath too many reasons why you shouldn't have it. Sam Chauhan understands—and he's learned how to make his dreams into reality. Now, he's here to show you how this gift can be yours. In *Minds Power Unleashed*, Sam Chauhan guides you in thinking, acting, and feeling differently to facilitate positive changes in your life. He also explains the importance of Neuro-Linguistic Programming, a set of techniques, axioms, and beliefs that are used as an approach to personal development. Sam Chauhan is not going to change your life. You are going to change your life—and *Minds Power Unleashed* can show you how to fulfill your every dream.
