

BehindtheScenes-TheTrueFaceofTheFakeFaithHealers

SYNOPSIS Behind The Scenes is a startling examination of the fraud and deceit present in some of the most popular charismatic ministries. Yves Brault gained this knowledge first-hand when he and his family attended Benny Hinns church in Orlando Florida. Unexpectedly, he discovered the real source of Hinns healing power; mesmerism. This book explains mesmerism, how it is used and exposes its practitioners-Benny Hinn, Kathryn Kuhlman, Rodeny-Howard Browne. The book also exposes a number of popular preachers such as Morris Cerullo, Roberts Leardon and John Avanzini. Finally it examines the School of Prophets whose main proponents are Bill Hamon, Cathy Lechner and Randi Lechner. The book reveals how it really goes on Behind the Scenes and also discloses the true face of those so-called men of God. It is a must for those who have been hurt, a red flag for those who are involved in these movements, and a road map for those who think theyll never get caught. **REVIEW** One of the most revealing books Ive read concerning the corruption among televangelists, faith healers, and revivalists. Christian Liberty This book is about the most important current controversy in the North American scene, the status of the Charismatic movement. The evidence which Brault presents that the actual purpose of the Charismatic movement is to separate bills from billfolds, is extremely persuasive. Robert O. Devries Behind the Scenes?documents comparison between modern-day healing phenomena and manifestations and what Franz Mesmer produced through suggestion and hypnotism Personal Freedom Outreach
